Mr. Joel H. Peck
Clerk, State Corporation Commission
C/O Document Control Center
P.O. Box 2118
Richmond, VA 23218-2118

Dear Mr. Peck,

In regard to Case No. PUE-2006-00081, "Order for Notice and Comment," Application for an Increase in the Maximum Authorized Level of Tolls for the Dulles Greenway by Toll Road Investors Partnership II, L.P.; Loudoun County, Virginia would hereby request a public hearing be held to hear comment to this proposed increase. We ask that such a hearing be held within Loudoun County.

The Dulles Greenway is located entirely within Loudoun County and is the only high-speed, limited-access commuter corridor within our county. Any toll increase would have an effect on a very large number of our residents and local businesses who use that roadway. It is important for the State Corporation Commission to hear the broadest spectrum of commentary on this potential toll increase. A hearing held within the county would allow our residents to speak publicly without having to travel to give testimony in Richmond.

Sincerely,

Scott. K. York
Chairman
Loudoun County Board of Supervisors

CC: Mr. Richard D. Gary, Esq., Hunton and Williams

Attachment: Copy Teste of Loudoun County's Resolution Opposing Toll Road Increase.
